

AL SAMATECH

Brochure 2025

**Your Reliable Partner in
Scrap Trading & Equipment Rental**

About Us

Al Samatech is a trusted provider of scrap trading and equipment rental solutions, serving industrial, construction, and commercial sectors across the region. With a focus on quality, reliability, and timely service, we support clients with essential materials and well maintained machinery that keep their operations running smoothly.

Vision

To be a leading regional partner delivering dependable scrap and equipment solutions that enhance project efficiency, sustainability, and operational value.

Mission

To supply high-quality scrap materials and reliable equipment with a commitment to professionalism, transparent service, and customer satisfaction. We aim to support businesses with fast response, consistent standards, and dependable operational support.

Our Services

Scrap Trading

Al Samatech provides a wide range of ferrous and non-ferrous scrap materials to support industries in recycling and resource recovery. Our operations follow strict quality checks, ensuring material consistency, correct grading, and timely delivery. We maintain strong sourcing channels and offer competitive rates to meet the demands of construction, fabrication, and manufacturing sectors.

Categories of Scrap We Handle

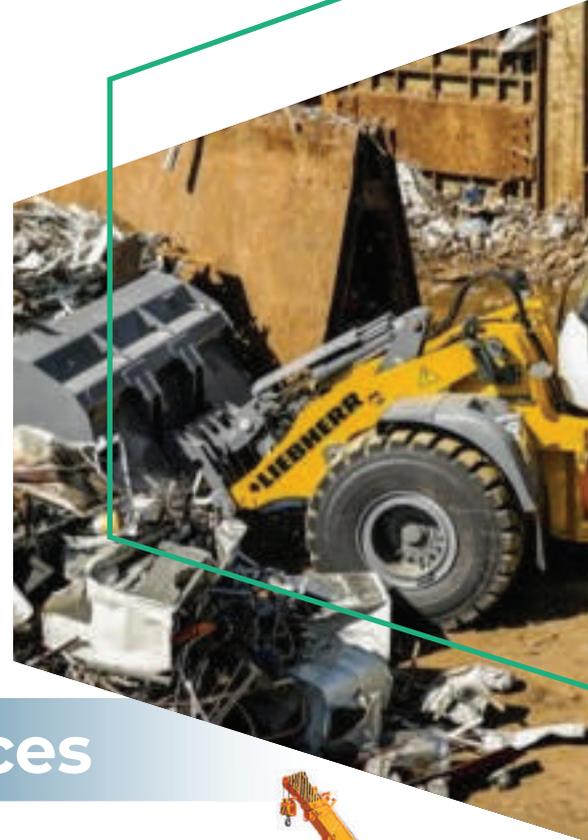

Ferrous Scrap: HMS 1 & 2, MS scrap, steel scrap, rebar

Non-Ferrous Scrap: Copper, aluminum, brass, lead

Industrial Scrap: Machinery scrap, equipment scrap, motor scrap

Construction Scrap: Pipes, beams, plates, metal offcuts

E-Waste Scrap: Cables, electrical components, mixed metals

Equipment Rental Services

At Samatech delivers reliable, well-maintained equipment for construction, infrastructure, and industrial work. Each machine is serviced regularly and can be provided with certified operators when required. Our goal is to ensure uninterrupted project performance and reduce downtime with a fleet tailored to diverse project needs.
